

國立台灣科技大學九十九學年度碩士班招生試題

系所組別：工商業設計系碩士班乙組

科目：商業設計

(總分為100分)

(Total Grade: 100%)

Subject: Creativity and Presentation

You are required to design **Ten** images associated with **frog(s)** and **mosquito(s)** with whatever you can imagine. Sketches, illustrations or fine drawings are acceptable, as long as the visual representations are clear enough to demonstrate your concepts. You are free to apply any drawing techniques and tools to complete your work. The scale of each image is 12cm(w)x9cm(h). How to laying out those ten images on the answer sheet is your freedom, but it is also important to show your skill and to finalize your work.
